The Family Meeting: How to Carry It Out (more details on next page, too)

Below you can find tips on how to carry out your family meeting.

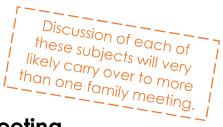

- Set aside a specific time. Set a day, time, and place in advance.
- Items to discuss are: family life, current issues, and ongoing events (both happy and unpleasant)
- To stay on track during your family meeting, develop an agenda
- Include as many family members who live in the household as possible.
- One person should lead the discussion. Another person should be responsible for keeping a written or taped record of the proceedings.
- The topics should be about situations, not individuals. For example, phrasing a question as, "How can we make sure to get the trash out before the garbage truck comes?" rather than "How can we get Brent to take out the trash?"
- Use a drop box for current issues and hot topics. Talk about any critical items first, then take turns drawing for the other topics to be discussed that week.
- Family members must listen without interrupting. Having family members hold up a card or raise their hand when they wish to speak may be useful.

### The Family Meeting: How to Carry It Out
